

## Consumer Alert

Homeowners considering hiring the following company to undertake renovations on their home should be aware that contrary to representations that may be made by them, they are **NOT** current members of the Peterborough & The Kawarths Home Builders Association, nor the Ontario and Canadian Home Builders' Associations.

The association has communicated with the listed company asking them to remove PKHBA and RenoMark™ logos from promotional materials, vehicles and/or web sites. The PKHBA, RenoMark™ logos are well established symbols of renovation professionalism to consumers, and the fact that these companies would blatantly mislead the public is of great concern to the Association and its professional renovator members.

All RenoMark™ contractor members undertake to uphold our 9-point Code of Ethics which has a commitment "to deal honestly and fairly with their customers." RenoMark™ renovators undertake to uphold our 10-point renovation-specific Code of Conduct over and above the Code of Ethics. PKHBA members attend regular information forums and have access to renovation training and education opportunities offered through the Association.

<b>Company</b>	<b>Cancelled</b>	<b>Advisory Date</b>
Trillium Construction	2011	May 2011

Check our web site for a current list of members.
