Wednesday, February 17, 2010

Best Western Otonabee Inn, Peterborough

PKHBA Dinner Meeting

SEMINAR

4:00-5:45pm

Safe at Work Ontario Stakeholder Consultations

The Government of Ontario is currently undertaking a major review of the Ontario Construction Health and Safety Program. The Ministry of Labour has selected our Association to discuss the government's approach and to seek input on the following questions:

1. What is working well?
2. What needs improvement?
3. What new blitzes would be of value?

This is an issue that will have a significant impact on the operations of all builders, renovators and trades. Our participation is necessary to ensure that ineffective, wasteful and time consuming measures can be minimized and those of value can be retained and enforced.
